

ROADMAP TO SOLAR INSTALLATION

Contact the LL&P office to express your interest in installing solar and be assigned a Project Manager.

1

**CONTACT THE
LL&P OFFICE**

**DO YOUR
RESEARCH**

2

Review the information available at LL&P's website and research potential installers.

Give the installer your LL&P Project Manager's contact info and let LL&P know what company you will be working with.

3

**SELECT AN
INSTALLER**

**REVIEW THE
CHECKLIST**

4

Review the Customer Checklist for Utility Interconnection available on LL&P's website.

Complete and submit the Interconnection Agreement with application fee to LL&P.

5

**SUBMIT THE LL&P
AGREEMENT WITH
APPLICATION FEE**

**SOLAR IS
INSTALLED**

6

Have your solar system installed!

Have a state inspection of the system and submit it to Lowell Light & Power.

7

**STATE
INSPECTION**

LL&P REVIEW

8

LL&P will review the system and authorize you to start generating power.
